Our Mission/Our Commitment

The LEARNING 2025 leadership team and strategic mentors engage communities, staff, and boards in discussions about strategies to address existing and perceived barriers to district transformation. Many of the challenges we face are not problems that have an obvious or quick answer; rather, they are challenges, conundrums, and polarities that need to be navigated. We are committed to involving all stakeholders in identifying, managing, and breaking those barriers so that leaders can focus on the whole system.
