AASA Learning 2025 Network Happenings for the Week of July 04, 2023

2023 AASA LEARNING 2025 SUMMIT**[Second AASA Learning 2025 National Summit Photo Gallery](#)**

Superintendents and their respective teams championing successful, innovative practices in schools gathered at the Washington Hilton Hotel in Washington, D.C., June 26-28, 2023, for the second AASA Learning 2025 National Summit, a powerful professional learning event that convened more than 800 school system leaders from across the country.

Hosted by AASA, The School Superintendents Association, in partnership with the Successful Practices Network and Battelle for Kids, six school districts recently recognized as AASA Lighthouse Demonstration Systems serving as models of positive change in American education were featured, as well as five Systems to Watch. The Lighthouse and Systems to Watch were celebrated, along with hundreds of other school district leaders who are creating learner-centered and future-driven paths on behalf of their students, families and communities.

A cohort of 34 public school districts, the Western Pennsylvania Learning 2025 Alliance advances student-centered, equity-focused, future-driven school systems that prepare every learner for tomorrow. Co-led by Pittsburgh-area superintendents and AASA, the School Superintendents Association, the Alliance convenes for workshops and professional development facilitated by world-class experts. With support from The Grable Foundation, these 34 districts are reimagining education and showing the world what school could be.

Our Mission/Our Commitment

The LEARNING 2025 leadership team and mentors/consultants engage communities, staff, and boards in discussions about strategies to address existing and perceived barriers to district transformation. Many of the challenges we face are not problems that have an obvious or quick answer; rather, they are challenges, conundrums, and polarities that need to be navigated. We are committed to involving all stakeholders in identifying, managing, and breaking those barriers so that leaders can focus on the whole system.
