Introducing the CoSN Digital Equity Dashboard

The Consortium for School Networking (CoSN) has developed the [CoSN Digital Equity Dashboard](#), which combines several disparate national public data sets into one comprehensive dashboard. The CoSN Digital Equity Dashboard breaks down national data from the school years ending in 2022 and 2023 into county, school district, and zip code units. With data collected and curated by CoSN and our data partner [Innive Inc.](#)

The tool provides school and community leaders access to data to inform decisions and address equity concerns powerfully. [See a video tutorial on using the dashboard here.](#)

[Apply to be a participating district by June 19th!](#)

Our Mission/Our Commitment

The LEARNING 2025 leadership team and mentors/consultants engage communities, staff, and boards in discussions about strategies to address existing and perceived barriers to district transformation. Many of the challenges we face are not problems that have an obvious or quick answer; rather, they are challenges, conundrums, and polarities that need to be navigated. We are committed to involving all stakeholders in identifying, managing, and breaking those barriers so that leaders can focus on the whole system.
