AASA Learning 2025 Network Happenings for the Week of June 27, 2023

Dear Colleagues,

Our AASA, SPN, and BFK teams wish each of you a peaceful and healthy summer. We are grateful for your service to all learners across America.

We know that as we work together we can coauthor a remarkable future based on the core principles of Learning 2025. Even as we move towards the next generation of our work, our commitment continues to personalize and customize support for you, your school systems and your communities.

Forward to the Future

We want you to envision a future - a future where education is not just a system but an innovative, vibrant, and transformative force. This is not just a dream but a reality we are striving to create through AASA's *Learning 2025 Network*. Inspired by the groundbreaking *Learning 2025* report, this network aims to turn this bold vision into reality by empowering you, the public school superintendents and district leaders, to drive that change.

As you join us, you don't just become a network member; you become part of something bigger - a transformative movement of hundreds of school districts across the country. A movement that is actively shaping the future of education.

Our Mission/Our Commitment

The LEARNING 2025 leadership team and mentors/consultants engage communities, staff, and boards in discussions about strategies to address existing and perceived barriers to district transformation. Many of the challenges we face are not problems that have an obvious or quick answer; rather, they are challenges, conundrums, and polarities that need to be navigated. We are committed to involving all stakeholders in identifying, managing, and breaking those barriers so that leaders can focus on the whole system.
