#### Morning of Wonder

What would it take, you might wonder, to make this school year the best one yet?

Join us on October 25, 2023, as we look to our favorite neighbor — Fred Rogers — for an answer.

Fred, it turns out, was more than a nice guy in a sweater. He was an ingenious scientist and a legendary educator whose teaching methods and television program, Mister Rogers' Neighborhood, were decades ahead

of their time. Today, Fred's blueprints for learning can point the way forward for school districts across southern California.

Join Gregg Behr and Ryan Rydzewski (authors of the bestselling book *When You Wonder, You're Learning: Mister Rogers' Enduring Lessons for Raising Creative, Curious, Caring Kids*) and Terry Thoren (Founder and CEO of Wonder Media) for the first-ever Morning of Wonder at the Sheraton Universal Hotel in Universal City.

Co-presented by the Lancaster School District, the Rio School District, and Wonder Media, the event invites superintendents, administrators, and educators to wonder with us about building Neighborhoods of our own: schools that equip every child to become the best of whoever they are.

Wednesday, October 25

9:00 am - 11:30 am

Sheraton Universal Hotel in Universal City

#### Leadership Development Toolkits

The demands of educational leadership in 2023 call for district leaders who are **resonant**, i.e., they need to be constantly in tune with their staff, community, and students; **resilient**, i.e., they need to have inner strength and health and project strength and optimism in order to meet challenges; and **nimble**, i.e., their skills, knowledge, and dispositions need to be honed to solve any problem and address any crisis – whether those challenges are educational, economic, or political.

To guide superintendents in how they can become resilient, nimble, resonant leaders AASA has produced a series of toolkits that review these attributes and offer tools and strategies for how to develop the capacities of a

resilient, nimble, resonant leader.

## RESOURCES

### AASA Leadership Network Services

### Our Mission/Our Commitment

*The LEARNING 2025 leadership team and mentors/consultants engage communities, staff, and boards in discussions about strategies to address existing and perceived barriers to district transformation. Many of the challenges we face are not problems that have an obvious or quick answer; rather, they are challenges, conundrums, and polarities that need to be navigated. We are committed to involving all stakeholders in identifying, managing, and breaking those barriers so that leaders can focus on the whole system.*
