Hi L25 MT Cohort members!

Thanks to all who were able to join the Webinar this morning to learn about the Next Education Workforce (NEW) development of Team-based Staffing Models for Better Educator & Student Outcomes. Thank you to Dr. Jan Vesely for her presentation and work on these innovative strategies for our schools. Also, thank you to Dr. Angela McLean, Montana University System Director of K-12 Partnerships at OCHE, for joining the webinar to pursue how this work could benefit and possibly partner with our Montana colleges of education to provide resources to our Montana schools.

The [L25 MT Cohort webpage](#) is uploaded with the [Webinar Recording](#) and [Dr. Jan Vesely's Presentation Slides](#) and contact information for your review and use. **Please send me any feedback or thoughts on what you saw with these models and how they might work for our Montana schools.**

Our SAM team, Rob Watson and Kim Scofield, have begun the process of making connections with the Next Education Workforce and the Team-based Staffing Models for Better Educator & Student Outcomes as applied to rural schools with diverse teacher preparation and shortages in staffing. This may lead to a SAM Webinar in April that would be available to all SAM members.

Please let me know if you need further information and don't hesitate to reach out if you need something. Our L25 MT Cohort is working to make a difference in meeting the needs of our future-focused, learner-centered education for Montana students.

Kirk
