META Vision and Values

CORE PURPOSE

Technologists united into a professional association advocating for and supporting the education of all Montana children.

CORE VALUES

1. **Educate and Influence.** Educate and influence decisions on educational processes at the school, district, state and federal level.

2. **Best Practices.** Collaborate to share technology solutions and best practices in education.

3. **Professional Community.** Develop a community to provide professional growth, productive relationships and mutual respect among members.

Envisioned Future

Big Audacious Goal

META's vision for technology and collective leadership are recognized globally for driving the transformation education for all children!

Vivid Descriptions

META is the "go to" organization at the local, state and federal level when considering education technology policy and practices.

Using a **process think*** strategy to personalize educational programming.

All audiences recognize the value added through implementing the strategies, leadership and practices developed through META.

* applies innovation, strategic planning and operational planning to develop organizational strategies that have a greater chance for success (What is it we want to accomplish and what is the process to achieve that goal).
