8. SAM will communicate with the Montana Congressional Delegation regarding the concern of Montana school districts over a drop in federal funding for important programs such as Title I and other Title programs, Carl Perkins, Impact Aid, and Medicaid Reimbursement, and the impact these reductions could have on local and state funding of current education priorities.
9. SAM will support additional federal resources for capital or operational programs only to the extent that these programs are not unfunded mandates or under-funded programs.
10. SAM supports a stronger voice for rural education at the federal level that includes:
  - Establishment of an Office of Rural Education Policy within the U.S. Department of Education to recognize the unique challenges facing rural schools and that federal policies should balance the needs of urban and rural school districts.
  - SAM will work with the Montana Congressional Delegation to ensure that the USAC E-rate program stays fully funded to ensure equitable and adequate bandwidth to every student.
  - SAM supports Net Neutrality.
  - Minimization of the reporting requirements of the Office of Civil Rights bi-annual data collection (CRDC) report and REAP Small Rural School Achievement Program application, while providing timely, useful information to Montana schools.
  - Recruitment and retention of quality educators for Montana schools.
