Hello SAM LN 2023,

In the last few days, both the House and Senate took action on several bills that were scheduled before the second transmittal date. I thought it would be important to share which bills are moving forward and which are not after the past two days.

I have attached an updated spreadsheet. I highlighted a few bills that we have been watching and talking about. Please let me know if you have any questions about any bills on the spreadsheet.

In the column marked "Last Three Actions" if it says "referred to committee or passed on second or third reading," you can assume the bill is still alive. If it mentions "tabled," then the bill is likely dead.

A reminder that our next SAMLN2023 meeting is next Tuesday - April 11 at Noon. I moved the meeting from Monday because the legislature is on Easter break on Monday. Please check the calendar attached to your alternative email for the calendar invite. The zoom link is at the bottom of this email.

Thanks for your participation in the legislative process.

Rob
